

# The Paducah Evening Sun.

VOL. XXVII. NO. 99.

PADUCAH, KY., TUESDAY EVENING, APRIL 26, 1910.

TEN CENTS PER WEEK

## HUGHES PLEASAS ALL ELEMENTS AS SUPREME JUSTICE

Unanimous Approval Will be  
Given His Appointment  
to Bench.

He Signifies His Acceptance  
of the Offer.

TAFT SCORES POPULAR HIT.

Washington, April 26.—A canvass of the situation today indicates that a recommendation by the judiciary committee and confirmation by the senate of the appointment of Governor Hughes to the supreme bench will be unanimous. Chairman Clark, of the committee, said if there is any occasion he will call a special meeting to pass on the nomination. The senate probably will act soon on the recommendation as made. Confidence in his ability and fairness is so strong that the appointment is recommended by many who do not approve his acts as governor. Western senators made no complaint, though they felt that their section should have supplied the successor to Brewer.

Hughes Accepts.

Washington, April 26.—President Taft received from Governor Charles E. Hughes, of New York, a letter accepting a tendered appointment as an associate justice of the supreme court of the United States. Five minutes after the letter was handed to the president the nomination of Gov. Hughes was on its way to the senate. That body had adjourned for the day, however, when the paper reached the capitol, and so the senate will not hear officially of the designation of Gov. Hughes to succeed the late Justice David J. Brewer until tomorrow. While it is expected that Governor Hughes will be confirmed with little or no delay, it is understood here he will remain as the chief executive of the state of New York until next October, and will not take the oath of his new office until the fall term of

(Continued on Page Four.)

OCROONS EXEMPT.

Louisiana Court Holds "Negro" Does  
Not Apply to Them.

New Orleans, La., April 26.—That a large part of the legislation in Louisiana directed toward the separation of the races does not apply to octoroons or quadroons was the gist of a decision handed down today by the state supreme court. The court holds that where the text of the law merely says "negroes" it cannot be applied to octoroons or other persons of mixed blood.

## MURRAY TO HAVE NEW NEWSPAPER

MELOAN BROTHERS WILL START  
"FREE PRESS" ABOUT  
JUNE 1.

Murray, Ky., April 26. (Special.)—"The Free Press" will be the name of a new weekly newspaper to be started at Murray within a few weeks by the Meloon Brothers Publishing company. John M. Meloon, one of the best known newspaper men in the state who will be editor of the publication, will have associated with him Perry Meloon, formerly on the editorial staff of The Sun.

The publication, as its name indicates, will be independent in its editorial policies, especially as regards the local differences in Calloway county and will "cry a curse" upon the existing factions which have put a blight upon that good county.

Modern printing machinery including a linotype machine will be installed immediately and the paper will issue about June 1.

STATE MUNICIPAL LEAGUE  
WILL MEET AT LOUISVILLE.

City Solicitor James Campbell, Jr., who is secretary of the Municipal League of Kentucky, has called a meeting of the program committee for Friday at Louisville and will leave early Friday morning to be present. At the meeting the program for the annual meeting July 5 and 6 will be definitely decided upon and subjects assigned to the speakers. The committee will endeavor to get several speakers of national reputation for the meeting.

## All Night Rider Damage Cases Go Over in Federal Court While Judge Considers Demurrers to Answers

Postmaster at Sedalia is In-  
dicted For Embezzlement  
---Term Will Conclude To-  
morrow Morning.

None of the night rider cases will come up for trial at the present term of the federal court. They have been continued until the November term, in order to allow Judge Evans to act upon demurrers filed by the plaintiffs in the cases this morning. The plaintiffs demurred to the second paragraph of the separate answers filed yesterday by the defendants, setting up a compromise of settlement with R. C. Sims, John W. Hollowell, Dixie Satterfield and more than a hundred other defendants. Judge Evans has taken the demurrers under advisement and will not announce his decision until next term.

The second paragraph of the answers filed states that several defendants compromised with the plaintiffs by paying from between \$1,000 and \$1,250, or \$10 and \$12 each. The paragraph set out that this settlement is a bar against any action being taken against the other defendants in the suits and the compromise is virtually a settlement of the entire litigation. They claim that alleged injuries received by the plaintiffs cannot be directed against the defendants singly and by reason of the settlement the suit should be dismissed against those who did not enter into the compromise. The cases are those of Henry B. Bennett, A. H. Carden, C. W. Rucker, L. M. Wood, Laura Toomey and G. W. Gordon against David A. Amoss, William Lee and others. Between 300 and 400 defendants are named in the cases. Witnesses in the cases were excused this morning by the court and those interested in the suits are returning home today. Judge Evans took the remaining cases in the civil docket this morning and expects to finish this afternoon, when the jury will be finally discharged.

Then the admiralty docket will be taken up. The cases must be finished by tomorrow morning, as the court announced today that it will not remain here longer than 11:20 o'clock tomorrow, and the court officials will return to Louisville.

The False Arrest Case.

Police Sergeant E. H. ("Lige") Cross, of Paducah and Owen Moss, of Henderson, Ky., were made party defendants in the suit of Mrs. Laura F. Kiener and husband C. R. Kiener, of Metropolis, against Detective James Collins, ex-chief of police of Paducah, G. H. Heildbroner and Daisy Moss for damages for false arrest at Henderson, Ky. Attorney for the plaintiffs filed an amended petition this morning, naming the new defendants. Mrs. Kiener is a palmetist going by the name of Madame Castellano.

In order to wind up the regular docket Judge Evans may conduct a session of court tonight finishing up the admiralty cases. The only cases to be tried under this head are: James Chandler against steamer John W. Love; J. T. Morgan Lumber company against West Kentucky Coal company. The jury cases will be concluded this afternoon. Some small matters may come up for action tomorrow morning when court will be adjourned. The case of Laura F. Kiener et al against James Collins et al was continued until next term.

The suit of John Dennis Jones against Thomas C. Britt was dismissed at the defendant's cost.

Prather Weil, 16 years old, charged with robbing the postoffice at Hickman, was found guilty and sen-

## Patrolman's Wife is Accidentally Shot

While Patrolman Hugh George was cleaning his big 44 Colt's revolver yesterday afternoon about 4 o'clock at his home, the weapon slipped and in an effort to catch it the officer caused it to be discharged, the ball striking his wife in the fleshy part of the thigh, producing a severe, though not necessarily dangerous wound. The most serious feature of the case is the fact that Mrs. George was just recovering from a nervous malady. It was her first day out of bed. No arteries or bones were struck by the ball, which entered above the

hip joint and came out in front of the thigh. Unless unexpected complications develop Mrs. George will speedily recover.

SEALER LOST.

St. Johns, N. F., April 26.—The sealing steamer Aurora, missing since April 1, is reported sunk. She carried 187 passengers. It is reported by the steamer Boothic. There are no details. It is not known whether the crew is rescued. It is believed she struck an iceberg. The captain of the Boothic, which towed in the steamer Erie, said the report was made to him while with the fishing fleet.

tenced to 60 in jail and fined \$100. He was the youngest offender before the court in many years.

Criminal Business.

The jury in the case of E. E. Williams, of Dexter, Ky., indicted for robbing the U. S. mails, found the defendant not guilty this morning. Williams was charged with stealing

(Continued on Page Four.)

## RAIN DOES NOT DETER I. O. O. F.

MANY GO TO GOLCONDA AND  
CLINTON IN SPITE OF THE  
WEATHER.

Although the rain interfered with the attendance somewhat, several hundred enthusiastic Odd Fellows left this morning on the steamer Dick Fowler for Golconda, Ill., to attend the annual meeting of the Ohio Valley Odd Fellows' association and the observance of the anniversary of the order. An orchestra was on the steamer and dancing was enjoyed during the trip. The boat was due at Golconda at 11 o'clock, and will return to Paducah early in the morning.

The Illinois Central ran an excursion to Golconda, Ill., also and a fair representation of the lodge went by rail. A special train left this morning for Clinton, where the West Kentucky Odd Fellows' association observed the day.

Goes to Clinton.

County Judge Alben W. Barkley left last night for Clinton, where he delivered an address today at the celebration of the anniversary of the Odd Fellows. He will spend the day in Clinton, and will leave tonight for Frankfort, where he will appear before the state board of equalization for the purpose of having the increased assessment of the county lowered if possible.

More ill luck hit the Norris & Rowe circus, which failed to play Paducah last Wednesday, owing to the fact that the show was "broke" and unable to pay transportation. The show finally reached Hopkinsville, and had a good crowd. The show was prevented from playing at Central City owing to a wreck, and Saturday reached Owensboro. Cold weather prevented a large attendance, and now the circus is tied up again without sufficient funds to pay transportation to Louisville. A Paducah creditor saw the show in Hopkinsville, and the promoters assured him that all claims of creditors would be paid as soon as the show had a streak of good luck, and made sufficient money.

## Patrolman's Wife is Accidentally Shot

While Patrolman Hugh George was cleaning his big 44 Colt's revolver yesterday afternoon about 4 o'clock at his home, the weapon slipped and in an effort to catch it the officer caused it to be discharged, the ball striking his wife in the fleshy part of the thigh, producing a severe, though not necessarily dangerous wound. The most serious feature of the case is the fact that Mrs. George was just recovering from a nervous malady. It was her first day out of bed. No arteries or bones were struck by the ball, which entered above the

hip joint and came out in front of the thigh. Unless unexpected complications develop Mrs. George will speedily recover.

Starts Home Tonight.

Mrs. James Eaker received a telegram from Mrs. Frank Eaker, at Hot Springs, stating that she would start home with Mr. Eaker this evening, the condition of Mr. Eaker is serious and it was his earnest desire he be brought home as soon as possible.

Second Suit Filed

B. M. Philleby, city back tax collector, filed a second suit this morning in circuit court. The suit is against the Paducah Light and Power company for \$9,732.29 alleged due on back taxes. He sues for the amount of money alleged due, and a penalty of 10 per cent.

## MOBILE WEATHER DOES NOT CHILL HEARTS OF HOST

First Meeting of Confederate  
Reunion Held This Morn-  
ing.

New South and King Cotton  
Are Mentioned.

SONS OF VETERANS HAVE MET.

Mobile, Ala., April 26.—The first regular meeting of the reunion of Confederate veterans convened this morning. Gen. George Harrison, in command of the Alabama division, is presiding. The veterans were welcomed by Mayor Lyons and by Governor Comer for the state. General Evans spoke for the veterans. Governor Comer spoke of a new south and commended the action of men trying to break up the cotton cliques in New York and other northern cities, which held planters at their mercy.

With the ancient city of Mobile en fête for the reception of the United Confederate Veterans, with her streets and public buildings a mass of gaily colored bunting and glimmering lights; with the tented city erected and ready for occupancy, and with the work of the various city committees completed, it remained for the weather to strike the one discordant note in the welcome extended the old boys who marched and fought under the Stars and Bars.

After a delightful summer weather for a month or more, the weather wizard developed a grouchy yesterday, and stirred up a climatic mess that has the most ardent Mobilian cursing. Cold? Why, the real native will tell you it's the first blizzard Mobile has had in years. But it is not that bad. The mercury did drop to 39 above, but the sun is out today, although a veritable gale of wind is sweeping in from the bay, cracking the flags and bunting with sharp reports like whips, and threatening the flowing festoons of red, white and blue, which swing from house to house across the street.

A special guard of honor, made up of commissioned officers, met the Confederate choir, one hundred strong, when that body of beautiful Southern girls, attired in trim gray uniforms, arrived from Richmond. At their head marched Mrs. J. Griff Edwards, commander-in-chief of the choir, with the insignia of a major-general glistening on her collar. Mrs. Edwards is famous for her beauty and her rendition of "Dixie." As the splendid girlish chief of the choir marshaled her feminine command in line, one old veteran whispered to another: "You have never heard Dixie sung until you hear that girl sing it."

Memorial Association.  
The first business session of the reunion was that of the ladies' memorial association, in the Battle House auditorium. It was presided over by Mrs. Electra Semmes Colston, and besides a lot of more men, who bade the ladies welcome, was addressed by the president, Mrs. W. J. Behan, Mrs. Virginia F. McSherry, president of the Daughters of the Confederacy and Mrs. J. C. Long.

The Confederate choir and the woman's orchestra furnished the music. The Sons of Veterans held their opening session last night. It was in the nature of a social session, in which half a dozen addresses of welcome were made by local men. There was music, instrumental and vocal, and then the consuls of France, Spain and England were introduced.

The only official business transacted was the naming of the committee on credentials. Then Gov. J. Y. Sanders, of Louisiana, was presented to the sons' sponsors, maul and matrons who are attached to the different divisions.

## TWO IMPORTANT DECISIONS TODAY

LIFE INSURANCE AND CORPORATE  
QUESTIONS ARE IN-  
VOLVED IN ISSUES.

Frankfort, Ky., April 26. (Special.)—The appellate court holds that it is not necessary to show that the person to whom a life policy was made out had an insurable interest in the insured in order to enable him to collect the policy.

The appellate court held in a decision today that a Kentucky corporation's gross business must be considered the business done by it in the state during the year, as it does not pay taxes elsewhere on it.

## Cabinet Will Defend Policies of Administration in Speeches at Special Gatherings and Dinners

Seven Pension Agencies Are  
Left Out of Appropriation--  
Customs Inspection Pro-  
vided For.

Washington, April 26.—Continuing the policy of making public defense of the administration against Democrats, members of the cabinet are preparing for action. Secretary McVeigh will address the Illinois society tomorrow and on Thursday the Trust company branch of American Bankers' association on the subject of finances and policies of the treasury department. Wickersham will address the dinner given by Lloyd Griscom, chairman of the New York Republican committee, and is expected also to defend the administration. Other members of the cabinet are making speech dates.

Washington, April 26.—Not satisfied with the investigation into the weighing department of the New York customs house the treasury department today announced its intention to extend the inquiry into all branches of the customs service. The inquiry is to insure that the appraisal of foreign goods protects the government revenues. Four experienced special agents will conduct the investigation: B. Parker, of El Paso, Texas, will handle part.

Pat Crowe Lobbyist.

Washington, April 26.—Pat Crowe, former kidnaper and outlaw, is lobbying at Washington to abolish contract labor in the prisons. He said that congress ought to do is to let prisoners help build up the country. He said 400,000 prisoners are willing to be put to employment to make them conscious of paying a debt to society.

Pension Agents Go.

Washington, April 26.—Seven pension agencies were abolished by the pension appropriation bill as it passed the house, the bill was reported to the senate today.

Favor Direct Vote.

Boston, April 26.—The house of the state legislature today voted in favor of the amendment to the federal constitution, electing senators by a direct vote.

Launch Found at Cairo.

The gasoline launch of H. P. Barksdale and Thomas Engert, stolen last week from the N. C. & St. L. wharfboat has been recovered at East Cairo. Two boys it is alleged stole the gasoline launch and started down the Ohio river for the Mississippi river with the intention of going to Chicago. At Cairo the engine of the launch became disabled and they abandoned it, returning to Paducah on a freight train. Mr. Barksdale left last night for Cairo to bring the launch back to Paducah.

## ROOSEVELT'S MAIL GETS TOO HEAVY

HIS PLANS INTERFERED WITH  
BY NECESSITY FOR GOING  
OVER IT.

Paris, April 26.—Roosevelt received a delegation from the French parliamentary group in the international arbitration, chief of whom is Baron D'Estournelles and ex-Premier Leon Bourgeois. Both thanked him for his efforts toward international peace.

That Roosevelt is still progressive was indicated by the talks here. He proposes to pay his debt of gratitude to the American people by a continued fight for his principles. Other indications of this promise that he will speak at the John Brown memorial services in Kansas in the fall under the auspices of Governor Stubbs and Representative Murdock, both insurgents. He has invited Murdock to conference at his home. He has decided to hold aloof from discussion of public affairs till the last two months after his return home.

His increasing mail interfered with Roosevelt's plans today. He wanted to visit the aero grounds but will not have time. He visited Luxemburg and had luncheon with former Ambassador Jusserand. Premier Brigras was host. He received France—American committee at the American embassy, and gave a short speech in which he praised the cordial relations between the United States and Canada. Mrs. Roosevelt visited the prison of Marie Antoinette.

## GRAND JURY HAS NOT CONCLUDED THOMPSON CASE

More Evidence Being Pro-  
duced Before That Body  
About His Murder.

Two Colored Duellists Are  
Punished by Court.

CRIMINAL COURT BUSINESS.

The grand jury is still at work investigating the murder of "Red" Thompson, who was found murdered April 16. This morning Hale and Guire, the accused men under arrest, were taken before the grand jury separately this morning and questioned concerning the murder. As far as could be learned the men told nothing new of the murder. A large number of witnesses have testified before the jury.

Hale has received letters from relatives near Birmingham, telling him to come home as they think he is in jail only on the charge of vagrancy. Hale has written to them telling them of the circumstances of his arrest. He has not employed an attorney, but has consulted one lawyer relative to making a defense if the grand jury returns an indictment.

Duellists are Punished.  
Both participants in a duel several weeks ago were punished this morning in circuit court. Ed King, colored, was given a trial on the charge of malicious shooting, and a verdict of guilty was returned and the punishment fixed at 18 months in the penitentiary. Earl Stone, colored, who it is alleged fired a shotgun at King, was charged with malicious shooting, but by agreement the charge was reduced to shooting in sudden heat and passion and a fine of \$50 was paid.

Bud Henderson, colored, was charged with malicious shooting, but by agreement the charge was reduced to the misdemeanor of shooting in sudden heat and passion and he was given a fine of \$50.

Skillet Jenkins, charged with gaming, was recognized for his appearance at the September term of court. The trial of Gordie Young, charged with disturbing public worship, was continued. The case is an appeal from the juvenile court.

The following trials were set for April 27: Mattie McReynolds, Willis Dunlap and Mary Brown, charged with grand larceny; Dan Williams and Annie May Waltman, false swear ing.

Four Indictments.

Four indictments were returned yesterday afternoon by the grand jury. The indictments are: Annie May Waltman, colored, false swearing in police court; Dan Williams alias "Bad Eye," colored, false swearing in police court; Mattie McReynolds, colored, grand larceny for the alleged theft of \$30.70 from Mrs. Frances Long; William Dunlap, colored, and Mary Brown, colored, grand larceny, for the alleged theft of clothes from Minnie Pleasant.

Indictments dismissed were: Frank Wallace, Jos Horsley and William Parris, stealing from the Illinois Central; Taylor Pryor, housebreaking; Foster Grear, colored, arson.

## WILL PROTEST AGAINST RAISE IN ASSESSMENT

The city and county representatives who will protest against the raise of 25 per cent assessed on the valuation of McCracken county by the state board of equalization, left today for Frankfort. The committee will appear before the state board tomorrow. Richard Davis, a member of the county board, and H. A. Katterjohn, deputy county court clerk, left for Frankfort this morning at 1:30 o'clock, while Attorney J. D. Mocquot and Mr. W. F. Paxton left this morning at 11:25 o'clock. County Judge A. W. Barkley will leave early in the morning for the state capitol.

## Chicago Market.

May	High	Low	Close
Wheat	1.23456	1.23546	78911

**Why Do You Do It?**

Why do you buy cheap whiskey bottled in bond only 4 years old and pay \$1.00 per quart, when you can buy Ragan's Special, made in spring 1903, 7 years old, at \$1.25 per quart? We have the same whiskey in barrel at \$1.00 per quart. This whiskey is made by the Anderson Distilling Co., one of the best distilleries in the state of Kentucky. Don't buy cheap compound whiskey; it shortens your life. We handle nothing but absolutely straight whiskeys, full measure bottles. If you try us once we will make a lifetime customer out of you. Now don't forget the place, 115 South Fourth street, Paducah, Ky.

**L. B. RAGAN,**

**Spring Tired?**  
Are You Weary and Run Down?  
Are You Sick and Depressed?  
Is Your Blood Thin and Poor?

Do you take cold easily? Do you feel shivery? Utterly fatigued after a little exertion? Is your complexion bad? Do you feel that life is not worth living? Nearly every one has some of these symptoms in spring, for winter, while apparently bracing, is all the time sapping your strength. By spring every one is in a more or less played-out condition—just right to catch any disease. Not always sick, but tired, tired, tired. To carry you through the changeable, trying, disease-breeding weather of spring you need

**Duffy's Pure Malt Whiskey**

It is prescribed by doctors everywhere. It is an absolutely pure, gentle and invigorating stimulant and tonic. It overcomes all weakening, wasting and rundown conditions of the body, brain and muscle, giving the system power to throw off and resist coughs, colds, asthma, gripe, catarrh, bronchitis and lung troubles; it is a wonderful remedy in the prevention and cure of consumption, pneumonia, malaria and low fevers if taken as directed.

All druggists, grocers and dealers, or direct, \$1.00 a large bottle. Be sure you get the genuine; substitutes and imitations are injurious. Medical booklet, containing rare common sense rules for health, and testimonials, also doctor's advice, sent free to any one who writes The Duffy Malt Whiskey Co., Rochester, N.Y.

replied the doctor. "When I treat a man for liver trouble, he dies of liver trouble."—Everybody's Magazine.

There is no cough medicine so popular as Foley's Honey and Tar. It never fails to cure coughs, colds, croup and bronchitis.—Gilbert's drug store.

The running tongue throws many a one back in the race.

Ayer's Sarsaparilla is a tonic. It does not stimulate. It does not make you feel better one day, then as bad as ever the next. There is not a drop of alcohol in it. You have the steady, even gain that comes from a strong tonic. Ask your doctor all about this.

**DAN PATCH COMES TO THE FALL FAIR**

FAMOUS SIRE WILL BE BROUGHT TO WEST END.

He Will Cost Paducah Association Dear, But Will Prove Drawing Card.

SOME OF THE FAST HORSES.

Plans for probably the greatest crowd drawing card in the world to be made a feature at the fall fair and races in Paducah in September and October are under way, and if the arrangements materialize the Paducah Fair association will not be surprised to welcome thirty thousand visitors this fall at the least.

The big attraction that will be secured is Dan Patch, who holds the world's pacing record and four other famous pacers as follows: Minor Heir, 1:59 1-4; Lady Maud C., 2:02 3-4; Hedgewood Boy, 2:02 1-4; and George Gano, 2:03 3-4. Secretary Rodney S. Davis has been authorized by the Fair association of Paducah to close up the contract with M. W. Savage, of Minneapolis, Minn., owner of the thoroughbred pacers and if the deal is made, as it will possibly be done in the next few days, Paducah race horse lovers and thousands of out-of-town people will look upon \$200,000 worth of horseflesh at the West End race course.

Secretary Davis wrote to Mr. Savage some time ago and has just received a letter from him giving his terms. Mr. Savage is owner of the International Stock Food company at Minneapolis and is anxious to show his horses here.

The local association has taken the matter up and will pay a dear price for the horses, but such a drawing card will bring thousands of outsiders here. Mr. Savage says the attraction will bring at least thirty thousand people here and as many as 100,000 for the crowds just want to get a glimpse of Dan Patch.

Dan Patch, with the mark of 1:55, is out of the game. He will not race and will only be exhibited. Thousands would go many miles just to see the famous pacer. He will be kept in a stall within the view of all attendance at the fair grounds and will be on exhibition two days. Minor Heir with a time of 1:50 3-4, will beat that mark, according to Mr. Savage who expects him to go 1:58 3-4 this season. He will probably do it here and the Paducah track would have the honor of holding the un-paced world record.

Hedgewood Boy and Lady Maud C. are as fast as they get, and both will probably go over their mark. George Gano is being driven by Thomas Murphy this year and will go to the two-minute mark this year is the general belief. Lady Maud will come a close second for that time.

Team racing between these four pacers will be the feature as two of them will race close to the two-minute clip. It will be the fastest racing ever seen here before. The contract, when formally closed, will provide for the horses to be raced for two days. The dates of the fall fair

**PIMPLES**

"I tried all kinds of blood remedies which failed to do me any good, but I have found the right thing at last. My face was full of pimples and black-heads. After taking Cascarets they all left. I am continuing the use of them and recommending them to my friends. I feel fine when I rise in the morning. Hope to have a chance to recommend Cascarets." Fred C. Witten, 76 Elm St., Newark, N. J.

Pleasant, Palatable, Potent, Taste Good. Do Good. Never Sickens, Weakens or Gripes. 10c, 25c, 50c. Never sold in bulk. The genuine tablet stamped C. C. Guaranteed to cure or your money back. 622

**Sample Helps Frail Women**

So many women are dragging out weary lives just because their digestive organs are weak. The result is poor circulation, nervousness and the verge of invalidism. It is often very unnecessary and the woman's own fault.

The first thing to do is to look to the wear of your bowels. There the trouble usually lies. All physicians know that a large percentage of women are habitually constipated, and from this results indigestion, piles, weariness, etc. But there is no use taking "purgative pills" and things of that kind until you have started your bowels to moving. You will find that when the bowels move regularly once or twice a day all your troubles will disappear. Take a good, mild laxative tonic like Dr. Caldwell's Syrup Pepsin for awhile and you will find yourself rapidly getting better and then your bowels will regulate themselves and work at stated times, and then your headaches and dizziness will disappear. Don't take strong cathartics, pills or salts, but just such a mild and pleasant-tasting remedy as Dr. Caldwell's Syrup Pepsin.

You can obtain a bottle of your drug-ist for fifty cents or one dollar, and either size may be enough to permanently cure you. Thousands of women keep it regularly in the house and will no longer be without it as it cured them and can be used with safety by every member of the family, down to the youngest child. You have never used it. Take the advice of Mrs. Earl S. Cox, 409 Twenty-fifth street, Moline, Ill., as they did, and learn for yourself what it will do for you. Send them your name and address on a postal card or otherwise. For other request the doctor's address is Dr. W. E. Caldwell, R. 97, Caldwell building, Monticello, Ill.

and races are September 28, 29, 30 and October 1. If it is necessary, to change the dates of the fair in order to get this big attraction the association will be willing to do it. Paducahans as well as outsiders will receive this news with delight for Dan Patch and the string of four great pacers are the pride of the country.

Sufferers who say they have tried everything without benefit are the people we are looking for. We want them to know from glad experience that Ely's Cream Balm will conquer Cold in the Head, Hay Fever and obstinate forms of Nasal Catarrh. This remedy acts directly on the inflamed, sensitive membranes. Cleansing, soothing and healing. One trial will convince you of its healing power. Price 50c. All druggists, or mailed by Ely Bros., 56 Warren St., New York.

**DEPEW GLAD HE CAN ENJOY LIFE**

ADDRESS AT DINNER OF MONTAUK CLUB.

New York, April 26.—"For a long life, abounding in good things, in a capacity for enjoying everything, in fictions with multitudes of men and women, in more than my share of health and of happiness, I reverently thank God both that I am alive and that I have lived," was Senator Chauncey M. Depew's estimate of what the world had all amounted to in his life. The senator was speaking at the nineteenth annual dinner given him by the Motaub club of Brooklyn in celebration of his seventy-sixth birthday. Senator Depew, apparently, is as hale and hearty as ever.

Speaking of the growths of the trusts, he said he believed in government control, not ownership. He said the present high prices are not due to national extravagance. He said the American workmen receive double the wage of the workers of other countries, but the government had not yet protected him against the competition of the immigrant laborers, who will work so cheaply. He said the most beneficial exchanges that had occurred in his time had been laws granting rights to women. He favors female suffrage.

Concluding, he said: "It is a glorious thing for any people to have thrills of enthusiasm. I think all of us, no matter what our views of him may be, no matter how much we differ with him in opinion, no matter how much we may have antagonized some of us by his actions, feel prouder of the product of American liberty and opportunity, because the eye of the world is just now fixed to the exclusion of all other men, by the virile figure of Roosevelt."

The restorative power of sound sleep can not be over estimated and any ailment that prevents it is a menace to health. J. L. Southern, Eau Claire, Wis., says: "For a long time I have been unable to sleep soundly because of pains across my back and soreness of my kidneys. My appetite was very poor and my general condition was much run down. I have been taking Foley's Kidney Pills but a short time and now sleep as sound as a rock. I eat and enjoy my meals, and my general condition is greatly improved. I can honestly recommend Foley's Kidney Pills as I know they have cured me."—Gilbert's drug store.

Little Fido—Uncle Towser, what's the reason we don't get any more meat to eat?

## Daily Thought.

The call to religion is not to be better than your fellows, but to be better than yourself.—Beecher.

It would take an odd fellow, indeed, to celebrate on a day like this.

We are bound to confess that Dr. Hyde was unfortunate with some of his cases.

Don't take fancy too literally and hurt your eyes looking for dogwood blossoms in a Broadway store. Tennessee dogwood was a little later this year than in Kentucky.

The last installment of Judge Lindsey's "Beast and the Jungle," in Everybody's says women suffragists in Colorado are influenced by the same conditions that influence men.

The old boys, who are attending the reunion won't mind the weather, though it may dampen the finery of the ladies. The boys have chummed together in all kinds of weather.

Even if Paducah doesn't receive all the tobacco from the Black Patch, most of those who deliver at Princeton, Cadiz and Hopkinsville come to Paducah twice a year to attend federal court.

They may have killed the wrong snake at St. Johns. Unless it made a confession, or its identification was complete, there is nothing but circumstantial evidence to connect it with the crime.

The regulars in Tennessee insist that the state widens are too narrow, while the state widens insist that the regulars are too broad. If a man tries to keep straight on the issues, both charge him with being crooked.

Senator Stone might ask for a committee to investigate the high wind and cold wave. We understand there is no tariff to keep out imports of this kind. Public opinion seems to be divided between Halley's comet and the beef trust.

In an editorial on "Wife Kissing" the esteemed Mayfield Messenger avers "All that most women need is more kisses from the old man. No woman can be an angel without a sip of nectar now and then." If they can't get nectar, we presume Lemon will do.

Isn't it possible that in addition to gaining information from his friends, the Insurgents, President Roosevelt will advise them? It is more likely that they are going to him for advice, than that he is sending to them for advice. They are the ones who need it. Funny so many of our wise political correspondents didn't think of that.

Mr. Bryan recalls to our minds the fact that Governor Hughes thinks for himself, regardless of the popular fancy. Governor Hughes suggested that the federal income tax amendment did not limit the government to the exercise of this right in times of necessity, and he vetoed a two-cent railroad rate, because the legislature enacted the bill in answer to a popular whim without considering whether or not the rate was fair. He did not oppose the purpose, but he did oppose ill-considered legislative action. If Mr. Bryan does not consider these valuable attributes on the bench, he is a poor judge of men.

## SELECTION AND ORIGINALITY

Next to originality and initiative in value comes the faculty of selection. Falling in the first two mental attributes, the individual falls back on the initiative or selective faculty, and of the latter two, unquestionably wise selection of the product of other people's labors excels inane imitation. Of course, the matter of common honesty, which would dictate acknowledgment of the obligation owed the person, whose ideas or products are borrowed, must be considered; but that affects only the moral character of the person or concern, which borrows or deliberately selects, and its importance depends upon the relative possibility of being found out. In a newspaper office once originality and initiative were sine qua non, and imitation and selection were condemned of themselves; but nowadays of the writing of many newspapers there is no end, and the temptation is great for a hard worked editor to lift the load of his responsibility according to a law of physics, rather than metaphysics, by applying the power of the press to the lever end of a pair of scissors. This is a simple and efficacious method of moulding public opinion, conditional upon a wisely developed faculty of selection, into which discretion enters as no small factor in its composition. Some editors, who are more shrewd than honest go far afield for their copy, and subscribe for newspapers in distant cities. The great drawback to this is the utter impossibility of ever making the editorials over to fit local conditions without piecing them out, and the belated service, which often prevents well considered articles possessing timely interest when they arrive at the point of the scissors.

Our local contemporary, who understands the use of a lever of the first class with the fulcrum resting on the exchange table, with ingenious frankness that disarms suspicion of any intention to deceive, although it does not credit its selections, goes no further away than Nashville, Tenn., Louisville, or Memphis, for its editorial expressions, thus making its columns the assembly place for the witliest and wisest sayings of half a score of able editorial writers.

For instance, this morning it reproduces (without crediting) two editorials fresh from last evening's Nashville Banner, which are printed below, the originals and the reproductions side by side, that the public may see what we mean by wise selection, combining with other elements a large infusion of discretion in altering the language, without impairing its style or vigor, so as to fit snugly to local conditions and not confuse the reader. This takes, perhaps, quite as much time and attention as the original writing, and may give the editor quite as much satisfaction. We do not know.

(Note the substitution of the word "Broadway" for "Church street" in the editorial on "April Snow." This was done because there is a Church street in Nashville, but none in Paducah. The unfamiliar name might confuse the Paducah reader and ruin the effect of the timely fancy on his mind. With this example before him, anyone comparing the two articles can find other minor changes and appreciate the patience, tact, discretion and real literary training and ability necessary to select and make over an original composition to fit local requirements.)

## The April Snow

(The News-Democrat.)

A belated blizzard that swoops down on Kentucky in the latter part of April is much rarer than a day in June, but not so much appreciated. A snowstorm of the proportions of that of Saturday, Sunday and yesterday mornings sets a new record for this latitude so late in the season. And let us hope it is one that will never be beaten, or even equaled.

One of the store windows on Broadway is decorated with dogwood blossoms and wild honeysuckle, gathered from the forests about Paducah. They have a strangely exotic appearance under ashen skies of falling snow. The aspect was stranger still in the snow heaped on the green leaves of the trees that some weeks of warm weather had put into full foliage. The green grass and many blooming flowers in the yards were also sadly incongruous with their wintry environment.

But the most deplorable feature is the destruction that may be wrought. The prospect for a full fruit crop was never better, and fields of early vegetables planted by the enterprising truck farmers on the Cairo road, were in flourishing growth. The snow is less destructive than a heavy frost would have been, and if the temperature doesn't drop below the freezing point, there is a probability that the loss may be light, but the outlook just now is gloomy.

(The Nashville Banner.)

A belated blizzard that swoops down on Dixie in the latter part of April is much rarer than a day in June, but not so much appreciated. A snowstorm of the proportions of that of this morning sets a new record for this latitude so late in the season. And let us hope it is one that will never be beaten, or even equaled.

One of the store windows on Church street is decorated with dogwood blossoms and wild honeysuckle, gathered from the forests about Nashville. They bear a strangely exotic appearance under ashen skies with a stiff northwest wind driving thick flakes of falling snow. The aspect is stranger still in the snow heaped on the green leaves of the trees that some weeks of warm weather had put into full foliage. The green grass and many blooming flowers in the yards are also sadly incongruous with their wintry environment.

But the most deplorable feature is the destruction that may be wrought. The prospect for a full fruit crop was never better, and fields of early vegetables planted by the enterprising truck farmers were in flourishing growth. The snow is less destructive than a heavy frost would have been, and if the temperature doesn't drop below the freezing point, there is a probability that the loss may be light, but the outlook just now is gloomy.

## Governor Hughes

(The News-Democrat.)

Governor Hughes, of New York, according to an Associated Press dispatch is appointed to fill the vacancy on the federal supreme bench. He will make an excellent selection and one entirely acceptable to the people of the United States. Governor Hughes is not only an able lawyer but a man of marked force of character and the highest personal integrity. He is a man with a conscience who in the midst of corrupt times has stood strongly for purity and the right.

Governor Hughes, too, is yet a comparatively young man. He was born in 1862 and is therefore twenty-five years younger than some of the judges now serving.

Governor Hughes will make a sacrifice to accept the judgeship, but not from a political point of view. He is in the list of presidential possibilities but his prospects are not bright while the Roosevelt star is in the ascendancy and the Republican party is rent in factions. He will make a financial sacrifice in accepting the place because before his election to the governorship he had come to be recognized as one of the ablest members of the New York bar and if he returned to practice he would have an assured income of at least \$100,000 a year. To give up that prospect for the retired position and hard work of a supreme court justice on \$12,500 a year will require an exhibition of genuine patriotism and high-minded ambition.

But he is excellent material for the supreme bench and the country should have the service of such men in these high positions. The safety of the country depends on nothing more than the learning, wisdom and integrity of the supreme court.

(The Nashville Banner.)

Governor Hughes of New York, it seems, is seriously considered for the vacancy on the Federal Supreme bench. He would make an excellent selection and one entirely acceptable to the people of the United States. Governor Hughes is not only an able lawyer, but a man of marked force of character and the highest personal integrity. He is a man with a conscience who in the midst of corrupt times has stood strongly for purity and the right.

Governor Hughes, too, is yet a comparatively young man. He was born in 1862 and is therefore twenty-five years younger than some of the judges now serving.

Governor Hughes would make a sacrifice to accept the judgeship, but not from a political point of view. He is in the list of Presidential possibilities, but his prospects are not bright while the Roosevelt star is in the ascendancy and the Republican party is rent in factions. He would make a financial sacrifice in accepting the place because before his election to the Governorship he had come to be recognized as one of the ablest members of the New York bar and if he returned to practice he would have an assured income of at least \$100,000 a year. To give up that prospect for the retired position and hard work of a Supreme Court Justice on \$12,500 a year would require an exhibition of genuine patriotism and high-minded ambition.

But he is excellent material for the Supreme bench and the country should have the service of such men in these high positions. The safety of the country depends on nothing more than the learning, wisdom and integrity of the Supreme Court.

## Some Stories Around the Town.

Harry M. Gilbert, one of the most successful musicians from Kentucky, has been engaged as the accompanist of David Bispham, one of the most distinguished of American singers, on his trans-continental tour next season beginning October 1. Mr. Gilbert will spend six weeks at the summer home of Mr. Bispham, preparing for the tour. At present Mr. Gilbert is organist and choir director at the Central Presbyterian church in New York, one of the most fashionable churches in Gotham. The rapid rise of Mr. Gilbert in the east has been a pleasure to his friends in his home city, and they predict a successful tour with Mr. Bispham.

## HUGHES PLEASES

(Continued From Page One.)

The supreme court opens the second Monday in that month.

There has been much speculation ever since it was first intimated that Governor Hughes would be tendered a place on the supreme bench as to whether or not his appointment would take him out of the fall campaign in the state of New York, where all the Republican leaders admit that he is sorely needed.

President Taft would not discuss this phase of the case in any way today. He has been anxious to secure the best man he could for the supreme court vacancy and he feels that he has done so. He was much elated over the success of his tender to Gov. Hughes, and said:

## Announcement a Surprise.

"I am very much delighted to secure Gov. Hughes for the bench. He is a man of wide experience and marked ability and it is a mighty valuable thing to have on the general bench of the supreme court a man of affairs. Gov. Hughes is 48 years old, I think, and even if he should retire at 70, he will have had twenty-two years of solid usefulness on the bench."

The appointment of Gov. Hughes was received throughout Washington with the greatest satisfaction. The announcement, however, came as something of a surprise, despite the fact that it had been generally understood for days that the position was to be tendered to him.

President Taft had been warned in advance that Gov. Hughes might not be able to accept, because his service as governor of the state of New York had practically depleted the small private fortune and he felt the necessity of again entering the practice of law in order to earn a competence for himself and his family. This did not deter the president, however, and he had optimistically awaited a reply.

The first overtures regarding the appointment are said to have been conducted through Senator Root, of New York. It was not until Friday last that the president wrote a formal letter offering the place to the governor. That fact was carefully guarded. Gov. Hughes deliberated over the matter for a final day and yesterday wrote his acceptance. The letter reached the white house as the president was preparing to leave. He delayed the departure long enough to see that the nomination was sent to the senate.

He also caused the first statement given out at the white house.

## President's Letter.

"The president, by letter of April 22, tendered the appointment to the supreme bench to succeed Justice Brewer to Gov. Charles Evans Hughes, of New York. By letter of April 24 Gov. Hughes accepted. In the president's letter to Gov. Hughes he told him that, as the supreme court would adjourn its hearing this week, the president's appointee would not be called upon to discharge any judicial functions until the opening of the October term on the second Monday in October, and that, therefore, should Gov. Hughes accept he might continue to discharge his duties as governor until his qualification on the day of the opening of the court in October next.

"This was a material factor in Gov. Hughes' acceptance. According to the nomination is confirmed, as there is reason to believe it will be, Gov. Hughes' qualification will not take place until October."

The general opinion is that the appointment of Gov. Hughes will eliminate him from the state campaign this fall. The campaign will be only fairly under way at the time the governor will be called upon to take the oath of office and enter upon his judicial duties.

The news of the appointment and acceptance of Gov. Hughes reached the justices of the court just as they were adjourning for the day. They were all surprised and all pleased.

"I am delighted," said Chief Justice Fuller.

"A fine appointment," said Justice Harlan.

"I am delighted to hear it," declared Justice White.

"Gov. Hughes is a man of high character and great ability," was Justice McKenna's comment.

Justice Lurton smiled. No longer would he be the newest member of the court.

Justices Delighted.

Among members of the supreme court bar the unanimous expression was that Gov. Hughes will make an excellent judge.

## NEWS OF COURTS

### Suits Filed in Circuit Court.

Undena Poe filed suit for divorce from M. H. Poe on the grounds of cruel treatment. The couple was married March 20, 1904, and separated April 24, 1910.

### Deeds Filed.

L. M. Rieke, executor, to George A. Flournoy, property on Boswell street, \$1,000.

### In Police Court.

In the settlement of a fight that is said to have occurred in the neighborhood of "900" yesterday, Anna and Ora Miller, Robert Miller, Ella Brown and Walter Tucker, all colored, were arrested last night. In police court this morning Anna and Ora Miller were dismissed by Police Judge D. A. Cross, but recognized in the sum of \$300 for their good behavior. The trials of Ella Brown and Walter Tucker, charged with breach of peace, were continued until tomorrow.

The docket was: Breach of ordinance—Ben Maynard and Ed Rollinson, \$1 and costs each. Malicious cutting—Roxey Lacy, colored, held to the grand jury.

## FEDERAL COURT

(Continued From Page One.)

a letter from the box of J. S. Swift, sent from Brown & Nagle at Paducah in payment for tobacco. The letter contained a check for \$18.93.

Among the indictments returned yesterday thirteen were indicted for selling liquor without a license. They were Joe Watkins, Troy Dill, Ott Wilford, B. E. Coker, Kinney Tilley, William Carmen, Moses Robertson, Payne Boyd, Samuel Foreman, colored; Melvin Clapp, John Grogan and Hudy Caldwell.

The other indictments were as follows:

Ed Perkins, obstructing correspondence and destroying mail matter at Shady Grove. His case was continued.

Prather Wells, stealing \$125.48 from Hickman postoffice. He pleaded guilty and the case was submitted to the court. Not acted on.

Floyd Wheeler, injuring the mail box of Isaac Gass. He pleaded guilty and was fined \$10.

Mitchell Carter, obstructing the passage of mails by assaulting Sanders Foree, a mail carrier at Kevil, Ky. He pleaded guilty and was fined \$25.

G. B. Cothran, violating the interstate commerce laws by shipping the carcass of a hog from Wickliffe, Ky., to Cairo, Ill. His case was continued and his bail fixed at \$200 and a capias issued for him.

John H. Ray, postmaster at Sedalia, charged with embezzling funds of the government amounting to \$102. His case was continued and his bail fixed at \$300.

John Grogan, charged with bootlegging, was given a continuance and his bail fixed at \$100.

Honda Caldwell was found not guilty. The case of Samuel Foreman was continued and his bail was fixed at \$100. The case of Melvin Clapp was continued and his bail fixed at \$100.

Payne Boyd and Joe Watkins were found guilty of bootlegging and sentenced to 60 days in jail and fined \$100 each.

The charge of bootlegging against Moses Robertson was filed away with leave to reinstate on motion of the district attorney.

B. E. Coker was found not guilty of bootlegging.

### Civil Matters.

A stipulation was filed in the case of Dr. H. P. Sights against the Illinois Central railroad and the case dismissed at the defendant's cost.

The case against Kinney Tilley, charged with bootlegging, was continued.

This morning the case of the Mayfield Woolen Mills against William A. Usher was continued until June 8, when it will be tried in the equity court.

The case of E. L. D. Toof against the City National bank was continued until the November term of court and the jury waived.

## RESOLUTIONS.

Member Hannin, of the board of Councilmen, offered the following resolution:

It appearing that the following proposed work is a necessity and is desired by the property owners, therefore be it resolved that the following work be done under the ten-year payment plan, the improvement of the following sidewalks, curbs and gutters, Tenth street from Broadway to Trimble; Eleventh street from Jefferson street to Trimble; Thirteenth street from Jefferson to Trimble; in the city today on business.

Approved:

AL M. FOREMAN,

President Board of Councilmen.

Approved:

ED D. HANNAN,

President Board of Aldermen.

Approved:

ED D. HANNAN,

Mayor Pro Tem.

Adopted, April 26, 1910.

MAURICE MINTYRE,

City Clerk.

O. K. ENROLLMENT COM.

By Charles Horton, Chairman.

Hon. Gus Thomas, of Mayfield, was in the city today on business.

## A New HOSPITAL For Pipes

Pipe Smokers of Paducah are going to be mighty glad to learn of the establishment of our new Pipe Hospital, with its splendid equipment for pipe-surgery.

Pipes are old friends, worthy of the best attention you can secure for them—and we assure you of the most satisfactory service. Amber bits are quickly repaired when broken pipes are thoroughly cleaned and overhauled; in short, when you get them back, they're like new.

## IN SOCIAL CIRCLES

**Voight-Bower.**

Although one of the predicted spring weddings, the news of the marriage of Miss Gertrude I. Voight and Mr. Robert Allen Bower in Cairo this morning was a surprise to many of the friends of this popular young couple. Miss Voight and Mr. Bower left for Cairo this morning and were married there at 11 o'clock. It was a quiet ceremony with only a few friends present. They were accompanied to Cairo by Mr. Henry Ruoff.

Mr. and Mrs. O'Bannon will entertain this evening with a beautifully appointed 6 o'clock dinner at their home in honor of Mr. and Mrs. Bower, who will leave immediately afterwards for Chicago, where they will reside.

Mrs. Bower is the youngest daughter of Capt. E. A. Voight and belongs to a prominent Kentucky family. She is of the blonde type of beauty and is a popular young lady of the South Side. Mr. Bower is the son of Councilman W. L. Bower and is a well known young man.

### Kentucky Federation Meeting in May.

As the time approaches for the meeting of the Kentucky Federation of Women's clubs, which will be held here from May, the twenty-fifth to the twenty-eighth, the work of preparation increases, and the Frankfort Women's club is working hard to finish all business arrangements, so that, at the last, every attention may be given to the visitors. The different committees will give their reports this week, and if keen interest and hard work count for anything in the success of the meeting, then the success of the sixteenth annual gathering of the Women's clubs of Kentucky is already assured. Although the convention does not commence until the morning of the twenty-fifth, most of the delegates will arrive Tuesday morning of the twenty-fourth, and instead of having a meeting that night, the Business Men's club has arranged a river trip which will be a delightful departure from the usual routine.

At nine-thirty o'clock Wednesday morning the meeting will be formally opened, and the address of welcome to the visiting club women will be given by Miss Rebecca Averill, the president of the Women's club of this city; other greetings of welcome will be given by the presidents of the various organizations, among them being Mrs. S. F. Shackelford, for the Susanna Hart Shelby Chapter D. A. R.; Miss Pattie Burnley for the Daughters of the Confederacy and Mrs. W. E. Settle, for the Lofting club. At the evening session the men will be given a chance to "specify," and Gov. Willson and Mayor James H. Polsgrove will be among the speakers. Mr. George Harper, president of the Business Men's club, will make a talk, and Judge Hazelrigg, the president of the Citizen's Improvement League, also will give a talk. Judge Hazelrigg's talk on "Civic Improvement" will be of especial interest to the club women, this year, as Mrs. Leech, president of the Kentucky Federation, is placing special stress on better civics throughout the state, and the work of the Women's clubs has been directed along the lines of civic improvements this year. And so the plans for the entertaining of this distinguished body of women is moving joyously on, and by the time of the meeting the plans will be so well prepared, that, only the pleasurable duty of seeing that everything is in perfect readiness for the guests will remain.—Kentucky State Journal.

**Of Interest Here.**  
The Henderson Gleaser of a recent date contains a most complimentary notice of Mr. E. L. Kleiderer, of that city, as an operatic tenor. Mr. Kleiderer is the son of Mrs. C. F. Kleiderer, who was formerly Miss Cora Richardson, of Paducah, and is a nephew of Messrs. E. E. Richardson and Charles E. Richardson, of this city. The notice says:  
"Mr. E. L. Kleiderer, who has been in Chicago the past three months taking voice culture under Francis A. Mackay, the grand opera teacher, returned home Friday. Mr. Kleiderer gave two numbers in a private recital in Guild Hall of the Church of the Redeemer, given by some of Mr. Mackay's advanced pupils, on the evening of April 14, and twenty-four Hendersons were in the audience, and complimented him with an armful of American beauty roses and a buffet lunch after the recital. He also had his voice tried out by the Metropolitan Grand Opera company, and so favorably impressed was Riccardo Martin with Mr. Kleiderer's tenor voice that he immediately extended him an offer to join the chorus of that company next season and had him take lunch with some of the members of the company, which included Mr. and Mrs. Riccardo Martin, Signor Caruso and F. Wright Neumann, manager of the Chicago season."

**Goes to Reform School.**  
Maud Ragsdale, 18 years old, passed through the city last night in the custody of the sheriff of Carlisle county en route to Lexington, where the girl will be placed in the reform school. She is from Bardwell and was placed in the county jail last night from 8 o'clock until 1:30 o'clock this morning. It is said the girl has been an inmate of the Illinois reform school.

**Dance Friday Night.**  
The younger society boys will give a dance at the Three Links building on Friday, April 29, in honor of the girls who complimented them with a dance last Thursday. This will close the winter series of dances, and will be an especially large event. The list is on at Walker's drug store.

**A Coming Marriage in Cairo.**  
It may be tomorrow, some say next Sunday and others don't know. All concerned seem to be fairly interested. One or two are quite excited over the prospects. Some plans have already been made. One principal in the case spends a large share of his time on lower Commercial avenue and the other principal in the case while away many of her hours in the uptown section, awaiting the event.—Cairo Bulletin.

**To Entertain Church Society.**  
Mrs. J. E. English is hostess to the Young Ladies' society of the First Presbyterian church at her home on Fountain avenue this afternoon.

**To be Miss McLaughlin's Guests.**  
Miss Edna McLaughlin, teacher of modern languages in the High school,

## WOULD WRING HER HANDS

And Cry, Says Mrs. Morack, of Coal Port, Because My Back Hurt So Bad Until I Took Cardui.

Coal Port, Ky. "I used to suffer so, with sick headache, and would lie in bed for 3 or 4 days; my side and legs hurt, and I had dragging-down pains. My back hurt so bad, I would wring my hands and cry, and it didn't look like I could live, so my father bought me a bottle of Cardui, and I began to use it.

Before I began to use it, I had suffered misery, every month, for two years, and was a walking skeleton. Everybody said I had consumption.

I used 5 bottles of Cardui and now I am well. All my aches and pains are gone. I can work and sew all day and it don't hurt me."

You may have the utmost confidence in Cardui, as a woman's tonic. It is your friend. It will help you. It will do you no harm. It acts gently. It leaves no bad after-effects. What is good for other women must certainly be good for you. Why not try Cardui?

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper on request.

will entertain next Friday evening with a dinner party in honor of the High school faculty at her home in Cairo. Her parents, Mr. and Mrs. R. A. McLaughlin, recently removed to Cairo, and into a new home at Thirty-fifth and Washington streets. Misses Elizabeth Graham, Olive Ruster and Lucy Kinney, or the High school faculty, will go to Cairo Thursday night and will be the week-end guests of Miss McLaughlin. Friday a dinner will be given in honor of the High school faculty. Superintendent J. A. Carnegie and Prof. W. H. Suggs are Mrs. Suggs.

Of the event, today's Cairo Bulletin says:  
"A number of the Paducah school teachers will come down Friday with the debating team. Miss McLaughlin, who will be one of them, will entertain the rest while here with a party at the residence of her parents, Mr. and Mrs. R. A. McLaughlin."

**Delightful Delphic Morning.**  
The Delphic club had a most delightful morning at their rooms in the Carnegie library. It was the final meeting for the club year and the program was an especially brilliant one, as follows:

1. Wits of Queen Anne's Time. Swift, Addison, Steele. "Selected readings—Mrs. Edmund M. Post."
2. The Island Gems of England—Isles of Man, Wight, Jersey, Guernsey, Alderney—Mrs. W. W. Powell.
3. Pope, Gray, The Birthplace of Gray's Elegy—Miss Carrie Rieke.
4. The Isles of Scotland.—Mrs. Louis M. Rieke.

**Missionary Society at Broadway.**  
The regular meeting of the Woman's Foreign Missionary society of the Broadway Methodist church will be held tomorrow afternoon at 3 o'clock in the parlors of the church. Mrs. Mildred Davis, who attended the board meeting of the foreign missionary society at Clarksville, Tenn., last week, will make a report of the session. All members are urged to be present.

**Return Dance Wednesday Evening.**  
A number of young men will give a dance at the Three Links building tomorrow night. This is in return for the one the girls gave last Thursday at the Knights of Columbus hall.

**Literary Department Wednesday.**  
The literary department of the Woman's club will meet tomorrow at 10 o'clock at the club house. An interesting morning with several notable modern novelists is planned.

Mr. and Mrs. Ollie Houser, of Charleston, S. C., but formerly of the city, are visiting friends and relatives in the city. Mr. Houser

## From Baby to Grandma

You will Find the Correct Shoe for All at Rock's.

**GEO. ROCK SHOE CO.**

formerly was a boilermaker in the Illinois Central shops.

**WANTED**—2 chambermaids. None but experienced need apply. Hotel Belvedere.

### First National Moves

Tomorrow the merger of the Globe Bank and Trust company into the First National bank will become an accomplished fact, as the two banks will occupy the Globe Bank and Trust company building, to remain until the new First National bank building at Third street and Broadway is finished.

### She Wielded a Scantling.

Julie Hulet, alias "Babe," colored, was held over to the grand jury from police court on a charge of assaulting Sanders Sneed, colored. She claimed that Sneed attempted to chastise her Saturday night and she whaled away at him with a 12-foot scantling a half foot thick, breaking his left arm. City Physician Bass reduced the fracture. The woman was arrested by Patrolmen Garrett and Dunaway.

—Dr. Vernon Blythe received a telegram from Louisville stating that his brother, Mr. Leon Blythe is much improved.

### NOTICE.

All persons indebted to J. P. Ford are requested to settle same at once, as all bills will be placed in the hands of attorneys for collection after May 18th.

### HUSBAND AND WIFE WILL MATRICULATE TOGETHER.

For the purpose of taking special work in English in Columbia university, Mrs. M. E. Ligon, teacher of English in the High school for the past five years, will not be an applicant for re-election at the election of teachers next Tuesday night. Mrs. Ligon will take special work in English at the Columbia university next year under Prof. Brander Matthews. Mrs. Ligon came to Paducah from Owensboro, and she has filled the chair of English with credit to herself. Her husband, Prof. M. E. Ligon, principal of the Franklin school, declined re-election this month, as he will also take special work in education, history and English at the Columbia university.

Mrs. J. M. McCandless, 333 North Ninth street, returned home last night from Chicago, where she has been for a 10-days' visit.

Ice as Fuel.

A cake of ice at 32 degrees Fahrenheit is ordinarily considered to be rather a cold substance, but it is as much hotter than liquid air as the oven in which bread is baked is hotter than the ice.

A teakettle partly filled with liquid air and placed on a cake of ice receives so much heat from the ice that the liquid air soon boils vigorously, and the boiling can be

made more violent by adding a few lumps of ice.

If the normal temperature of the earth were at the freezing point of air and we could obtain a block of ice such as is distributed by the ice-man of today such ice could be used as fuel and would be put into the furnaces instead of coal.—Popular Mechanics.

"Scribbles writes some very pleasing verse."

"Indeed? I've never heard of it pleasing anybody."

"Evidently you've never observed its effect on Scribble."—Birmingham Age-Herald.

Many think that faith is believing all they wish were so.

## S.S.S. CURES RHEUMATISM

Rheumatism is a specific blood fermentation, a souring of the circulation from an excess of uric acid accumulating in the blood stream. This uric acid impurity comes usually as a result of constipation, weak kidneys, indigestion and stomach disturbances. These systemic irregularities may not be of marked severity or of long duration, but each has a direct effect on the eliminative members of the body, which prevents the proper removal of the waste products. This refuse remains in the stomach and bowels, and souring forms uric acid, which the blood quickly absorbs.

Rheumatism is usually manifested in the joints and muscles. It is here its sharpest twinges of pain are felt, and stiffening of ligaments and tendons first commences. The pain of Rheumatism is caused by the contact of the sensory nerves with the gritty, acid formation which uric acid causes to accumulate in the corpuscles of the blood about the joints. The stiffening of muscles and joints is usually gradual. Constantly the blood deposits the uric acid into the joints, and slowly the natural fluids are dried up and destroyed. Then Rheumatism becomes chronic and serious. Rheumatism is sometimes inherited, for like all blood diseases it can be transmitted to offspring. This explains why some persons are afflicted with the disease, and suffer its pains, who have otherwise been perfectly healthy.

### RHEUMATISM FORTY YEARS.

I suffered with lumbago for a long time, and speaking of it to a friend one day he told me to try S.S.S. I did so, and soon found it was helping me. I had rheumatism for more than forty years, having contracted it in the army, but S.S.S. cured me sound and well, and have had no return of the trouble. I think S.S.S. has no equal for curing rheumatism.

## CAIRO TEACHERS WILL ENTERTAIN

PADUCAH VISITORS, WHO GO THERE FRIDAY.

No One Allowed on Special Train Excepting Members of School Party.

PLANS FOR THE RECEPTION.

Cairo teachers have made all arrangements for entertaining the Paducah teachers, who will accompany the High school debating team to Cairo Friday morning—and, by the way, the special train on which they go will not accommodate any but the pupils and teachers. The accommodations are limited and those not belonging to this special party will not be permitted on the train, this is so that all may have seats. Other parties of ten may secure special rates on the regular train.

Concerning the reception the Cairo Citizen says:

"The plans are now all arranged for the entertainment of the Paducah crowd that will enter Cairo gates next Friday and be the guests principally of the Cairo schools and the students of the same."

"The public schools in Paducah will all enjoy a holiday Friday and a large concourse of the students, together with some 55 teachers, will come to Cairo and spend the day. They will leave Paducah on a special train chartered for their own personal use at 7:30 o'clock and arrive in Cairo at 9 o'clock. Upon their arrival they will be met by a reception committee of boys and girls of the two literary societies of C. H. S. and also several teachers. They will be escorted to C. H. S. where they will be shown over the premises and the building. The faculty of the Paducah High school will probably be the most interested in C. H. S. and they will remain there all morning. The teachers of the grammar schools, however, can make it optional whether they spend the whole morning at the local High school or not. C. H. S. can not all be gone through in the morning so the Paducah High school teachers will be requested to renew their visit again in the afternoon. The other visiting teachers will be taken around to the several grammar schools of the city."

"In the evening the debate about which the real interest will center will begin promptly at 8 o'clock. A short program has been arranged and then the debate will ensue. After the debate an informal reception will be held at the High school and a dance in the meantime will also be given at Swoboda's hall."

"The special train that the welcome visitors will come on will leave Cairo on the return to Paducah shortly after midnight. "Quite a few of the Paducah folks will stay over until Sunday evening, being the invited guests of a number of prominent Cairo families."

**Exhibits Friday.**  
"All day Friday an excellent exhibit of articles from the Domestic Science Drawing and Annual Training departments will be shown in the upper corridor of the C. H. S. building for the benefit of the visiting teachers and all who wish to attend the same. Among the articles to be shown from Miss Mulberry's sewing classes will be the class day gowns of the Senior girls, each of whom has made her own frock for the occasion."

From Mr. Allen's Manual Training department the most noticeable features will be the finished mission and other furniture that quite a few of the boys have made this year, including library tables, chairs, hall racks, etc.

"From the Art department of which Miss Venderburg is supervisor, will be shown some of the copper and metal work that the pupils have finished this year as well as many excellent sketches and drawings."

**C. H. S. Crown Band.**  
"Friday night at 7 o'clock a crowd of about 100 C. H. S. boys will be at the 'Hustler' Arch at Eighth and Commercial avenue and led by the C. H. S. 'Crown Band' they will proceed out Eighth street and thence up Washington avenue in a torch light parade. They will be joined at various points along the line of march by reinforcements of C. H. S. students of both boys and girls and also the guests of honor, the visiting Kentuckians. Arriving at the C. H. S. building this same crowd of C. H. S. boys will lead into the assembly hall on the west side of the room where the walls will echo with loud 'O's Key Wow Wows' and 'E Gyp! Gyp! Gyp!'"

At the end of 1909 the Bell Telephone companies owned 3,500,000 telephones, while 1,500,000 were owned by companies under contract agreements with the associated Bell companies. This is an increase of 600,000 telephones during the year. The system comprises 10,250,000 miles of wire, 400,000 miles of which were added last year. Half of the total mileage is under ground.

"How do the apples get into the dumplings?"

"I give it up. How do the peaches get into those light gowns?"

Louisville Courier-Journal.

## "OUR PAPA IS RID OF HIS BACKACHE"

This is happiness, isn't it? Rid of backache, rid of rheumatic pains, soreness, stiffness, rid of weakness. This father can enjoy life. You can, too. You can have strong, healthy kidneys and bladder. You can sleep soundly at night without having to get up to pass a few drops of acid urine. You can loose yourself from the clutches of rheumatism, too. You can be just as happy, just as healthy, just as strong, as jolly and free from pain as he is.

If you really want to get well, want to get well quickly, want to sleep good and get up refreshed, if you want to be free from the danger of Bright's disease and diabetes, which are absolutely incurable and come from diseased kidneys and bladder, if you consider that all this is worth fifty cents, and are willing to spend that small sum, strong kidneys, strong bladder, freedom from backache are yours. There is no risk, relief is certain. You have but to take a few doses of Barkola Globes to see for yourself. Remember the name Barkola Globes. You will be mighty glad tomorrow when you see how much better you are.

Just drop in at Gilbert's Drug Store, Fourth and Broadway, or some other good drug store, and get a box of Barkola Globes to the Old Fort Chemical Co., Fort Wayne, Ind. Every moment of delay just means that much longer to suffer. Why not start right now, right this minute, to get well?

### TELEPHONE CABLES ARE CAUGHT BY THE FLOOD.

Two hundred telephones of the Paducah Home Telephone company in the business district east of Fourth street and south of Broadway were out of commission yesterday. Water filled a manhole at Fourth street and Kentucky avenue, and the cables were damaged so that the telephones were out of use. Last night a force of workmen "cut in" a new cable, and today most of the telephones were in working order again. Telephone companies have had considerable trouble this month, owing to the windy weather and the excessive rainfall. Poles have been blown down, and toll lines damaged.

### WILLIAMS' KIDNEY PILLS

Have you neglected your kidneys? Have you overworked your nervous system and caused trouble with your kidneys and bladder? Have you pains in loins, side, back, groin and bladder? Have you a flabby appearance of the face, especially under the eyes? Too tired to do your work? If so, Williams' Kidney Pills will cure you.—at Drugists, Price 50c. Williams' Mfg. Co., Prop., Cleveland, O. Sold by List Drug Co.

Experience Sufficient: "What Arctic experience have you had? Was asked of an aspirant for a place in a polar expedition. 'I once courted a Rochester girl.' 'Accepted.'—Buffalo Express.

## ECZEMA ON HANDS FOR TEN YEARS

Were Raw All Over and the Humor was Spreading to Body and Limbs — Professional Treatment did No Good—Daughter had Eczema, Too.

### CUTICURA A SUCCESS IN BOTH THESE CASES

"I had eczema on my hands for ten years. At first it would break out only in winter. Then it finally came to stay. I had three good doctors to do all they could but none of them did any good. I then used one box of Cuticura Ointment and three bottles of Cuticura Resolvent and was completely cured. My hands were raw all over, inside and outside the eczema was spreading all over my body and limbs. Before I had used one bottle of Cuticura Resolvent, together with the Cuticura Ointment, my sores were nearly healed over, and by the time I had used the third bottle, I was entirely well. I had a good appetite and was healthier than I ever was. To any one who has any skin or blood disease I would honestly advise them to fool with nothing else, but to get Cuticura and get well. My hands, cured by the use of Cuticura, have never given me the least bit of trouble up to now. I cannot recommend Cuticura highly enough. It has done me and my family so much good. My daughter's hands this summer became perfectly raw with eczema. She could get nothing that would do them any good until she tried Cuticura. She used two bottles of Cuticura Resolvent and one box of Cuticura Ointment and in two weeks they were entirely cured. I have used Cuticura for other members of my family and it always proved successful. I recommend it to my one with eczema. After once using it you will never use anything else. Mrs. M. E. Falin, Specera Ferry, Va., Oct. 19, 1909."

### KEEPING THE HAIR

To prevent dry, thin and falling hair; remove dandruff; allay itching and irritation, and promote the growth and beauty of the hair, frequent shampooing with Cuticura Soap and occasional dressings with Cuticura are usually effective when all other methods fail. Special and full directions accompany each package of Cuticura.

Cuticura Soap (25c), Ointment (50c), Resolvent (50c), and Chocolate Ointment (50c) are sold throughout the world. Cuticura Soap & Chemical Co., Boston, Mass. 112 Commercial Ave. Boston. Sold by all druggists and dealers in Cuticura Soap and Resolvent.

## OUTLOOK FAVORS ENORMOUS YIELD

LATEST ADVICES FROM INDIA, AND EUROPE KINGDOM.

Ideal Weather and Increased Acreage With Early Spring Wheat Seeding.

CONDITIONS BY SPECIALISTS.

Chicago, April 26.—Argentina—Arrivals from the interior continue light, and quality unsatisfactory. New seeding is being done, but conditions are not favorable.

Australia—Although the strike was settled, the congestion of the railroads will require several months to restore normal conditions. Exports will continue light, owing to this fact.

India—Latest harvest advices indicate that India will have an exceedingly large crop of good quality. Exports are already showing marked activity.

Europe and United Kingdom—With seasonable weather and general rains, the entire situation shows a more favorable outlook. Especially good reports are heard from Germany, Hungary and Spain.

Russia—Conditions are now acknowledged to be good in the entire southern half of the belt, and heavy general rains experienced during the past week make the outlook much more satisfactory. As indicated in recent advices, interior stocks are enormous, although port stocks show some small falling off, owing to the extraordinary large shipments of wheat during the past few weeks.

United States—During the past week heavy soaking rains have been experienced in all states, except Nebraska; Kansas being literally deluged, and the rain extending east throughout the entire belt, but Nebraska is still in need of more moisture, and although the situation has been temporarily relieved, if they have copious rains within the next month, it will insure a good crop. Mr. Le Count, in a letter written as regards the Kansas situation, says that it is remarkable the improvement which has been experienced in Kansas. Mr. Kinyon has finished his preliminary trip through Ohio, and finds conditions almost ideal, with a largely increased acreage, and favorable conditions.

Soaking rains were experienced in this state, and were much needed. The rain throughout the country was followed by a cold wave, which covered the entire winter and spring wheat belts, accompanied by low temperatures and snow. As the winter wheat is not jointed, it goes without saying that the snow and cold weather was more of a benefit than a detriment while spring wheat was not far enough advanced to suffer any injury whatsoever.

Spring wheat—Conditions in the spring wheat country have been entirely favorable, seeding practically finished, except in some sections of North Dakota and Minnesota and conservative estimates place the increase in acreage to wheat at about 12 per cent. North of the border seeding is being pushed with all possible dispatch, the Winnipeg Free Press, after investigation, stating that on April 4, 65 per cent in Manitoba, 75 per cent in Alberta and 50 per cent in Saskatchewan had already been sown.

Seeding is one month earlier than last year. The seed bed is in good condition. Increase in wheat acreage, Manitoba 10 per cent and Alberta 25 to 40 per cent. A cold wave accompanied by heavy snowfall occurred in the entire spring wheat country during the early part of the week, and although low temperatures were recorded, no damage was done to wheat, and the moisture thus provided will prove exceedingly beneficial.—Finley, Barrell.

"I don't like to go to a play and be kept in suspense all the time." "Neither do I. Last night I thought the woman in front of me wasn't going to take off her hat, but she finally did.—Louisville Courier-Journal.

## MERELY RENEWS POOLING SYSTEM

SENATOR DOLLIVER DENOUNCES TRAFFIC AGREEMENT.

Others Attacked Bill While Still Other Senators Upheld Elkins-Crawford Provision.

THE TAFT RAILROAD BILL

Washington, April 26.—The Crawford-Elkins traffic agreement provision of the railroad bill was under discussion in the senate most of the day. Dolliver said that the provision was a mere renewal of the pooling system and the fact that the Republican platform declared for agreements was not sufficient reason for passing the provision. He ridiculed the declaration in the platform for agreements that do not interfere with competition. He could not support them, though Roosevelt did. Dolliver attacked the method of framing the bill by the executive department and predicted a speedy termination of political corruption which places control of the states and cities in the hands of party bosses, and receive legislative orders from the attorney general.

He said that the pending bill paralyzed the present control over the railways.

He said the traffic clause "legalizes what is now criminal."

Root, replying said that the traffic agreement accomplished just what Dolliver declared desirable. He advocated the Crawford-Elkins agreement.

Clapp attacked Root's position as inconsistent in that Root argued that the Cummins amendment requiring the passing on rates in advance by the commerce commission would nullify the effect of the provision, while in the next breath he contended that this result would practically be accomplished if the Crawford-Elkins provision is passed.

Clapp opposed the Crawford-Elkins provision.

Lodge withdrew his resolution asking the senate to sanction the expenditure of \$65,000 to continue the cost of living inquiry. This action was taken on the ground that the Democrats are conducting such an extended debate on the resolution as to interfere with the passage of the railroad bill. The committee will continue the inquiry under the original resolution.

In the house the entire session was devoted to bills on the district of Columbia.

The advocates of the parcels post appeared before the house committee. John M. Stahl, of Quincy, Ill., representing the Farmers' National Congress, urged the parcels post for rural routes.

New Train Between Paducah and Memphis

Over N. C. & St. L. R. R., commencing Sunday, April 17. Leave Paducah 2:30 p. m., arrive Jackson 7:30 p. m., arrive Memphis 10 p. m. Returning leaves Memphis 6 a. m., Jackson 8:30 a. m., arrive Paducah 1:10 p. m. This gives double daily service between Paducah and Memphis. F. L. Weiland, City Passenger Agent, 430 Broadway.

REV. P. G. THORGMORTON PREACHES FIRST SERMON.

Despite the fact that the weather was unfavorable, a large audience was present last night at the revival of the Fountain Avenue Methodist church. The Rev. P. G. Thorgmorton, of Sikeston, Mo., arrived last night and filled the pulpit. He preached a strong sermon on "The New Testament Revival." This morning at 10:30 o'clock the regular morning service was held, while this evening at 7:45 the Rev. Mr. Thorgmorton will fill the pulpit. The revival will continue for two weeks.

Rosebud Cripplewhips

"The Cripplewhips," an independent baseball team, has been reorganized this season and is stronger than ever. Last year most of the players were members of the Wallersteins, and in the nine are some of the best amateur ball tossers in the city. The Cripplewhips will meet any of the local amateur teams. The lineup will be: H. Mercer, c; Runyan, T. Hofflich, p; Elliott, p; Hessian, 1b; Carroll, 2b; R. Mercer, 3b; Baker, ss; Dunbar, M; O. Hofflich, cf; R. Elliott, rf; T. Boler, manager.

## CRACKSMAN

ATTEMPTS TO GET AT MONEY IN FOWLER'S SAFE.

Locksmith at Work When Boat Pulled Out for Golconda This Morning.

Some amateur cracksmen attempted to make a haul on the steamer Dick Fowler some time yesterday afternoon and damaged the safe to such an extent that it required the services of an expert locksmith to open it.

When Lee Rhodes, one of the clerks, went to the boat this morning he found that the lock on the safe had been smashed and the hinges damaged. The cash drawer in the office had been rifled of about 30 pennies, and as it was impossible to open the safe it could not be ascertained whether any other money had been taken. The safe contained several hundred dollars, locked up tight at noon yesterday when the deck hands were paid off. It is the opinion that the burglar operated some time yesterday afternoon, while the boat was tied below the wharfboat. The Fowler left for Golconda at 8 o'clock this morning with the locksmith at work.

## THE CURSE OF CALOMEL.

Everyone should know that Calomel is a dangerous drug if taken without the advice and direction of the Physician.

CALOMEL IS A CURSE.

Although it is but the mild Chloride of Mercury, when it passes into the Bowels it is often changed into the poisonous Corrosive Sublimite, which ruins the teeth and gums and inflames the Bowels, causing Dysentery and Piles. So when you are not feeling "Just Right"—a little blue or dull, with a nervous headache, don't take it. Go to the drug store and get a package of DR. EDWARD'S OLIVE TABLETS, and see what they will do for you. They are the only laxative tablet that are designed to do what Calomel should do for you, without the bad results of Calomel. They are perfectly harmless, do not have to be chewed or dissolved in the mouth, are small, sugar-coated and easy to take. They don't leave a bad taste, and do their work perfectly. All all Druggists in neat 10c and 25c packages. The Olive Tablet Co., Portsmouth, O.

THE CURSE OF CALOMEL.

Everyone should know that Calomel is a dangerous drug if taken without the advice and direction of the Physician.

CALOMEL IS A CURSE.

Although it is but the mild Chloride of Mercury, when it passes into the Bowels it is often changed into the poisonous Corrosive Sublimite, which ruins the teeth and gums and inflames the Bowels, causing Dysentery and Piles. So when you are not feeling "Just Right"—a little blue or dull, with a nervous headache, don't take it. Go to the drug store and get a package of DR. EDWARD'S OLIVE TABLETS, and see what they will do for you. They are the only laxative tablet that are designed to do what Calomel should do for you, without the bad results of Calomel. They are perfectly harmless, do not have to be chewed or dissolved in the mouth, are small, sugar-coated and easy to take. They don't leave a bad taste, and do their work perfectly. All all Druggists in neat 10c and 25c packages. The Olive Tablet Co., Portsmouth, O.

## TARIFF IS THE LEADING ISSUE

SHERMAN SAYS PAYNE LAW MUST BE DEFENDED.

Makes Campaign Speech in St. Louis Last Night—Other men Also Speak.

SHIP SUBSIDIES ADVOCATE.

St. Louis, April 26.—Predicting that the tariff, in general, and the Payne law in particular, is sure to be the principal issue in the coming campaign, Vice President Sherman in a speech here before the Citizen's Industrial association said it was his duty as a protectionist to defend its policy.

He said that the tariff was revised substantially and successfully last fall, and that the Republican party had kept its campaign pledge.

He said that the law had been in operation nine months and it had reduced the national deficit from \$70,000,000 to \$15,000. This promised to be wiped out by the end of the fiscal year.

Sherman declared that the workers are now paid the highest wages in history. He said an estimate of the increase in wages granted this year would equal \$500,000,000. The farmers are equally prosperous. He said that with this showing "surely, we ought to give such a tariff law a fair trial."

Speaking of the future he said imports are increasing at the rate of over \$300,000,000 a year, mostly in manufactures, nine-tenths of which have been made in this country. He said:

"To that extent, then, American production has been displaced, and at least \$250,000,000 of American wages paid foreign laborers."

"I believe we should make at home nearly everything we can, instead of buying abroad."

"If we open the custom gates too far, then we shall invite and have an avalanche of foreign goods that will close the mills and drive our laborers to idleness. Then will wages and prices fall."

Congressman Fessenden, of New York, advocated ship subsidies. Former Congressman J. A. Watson, of Indiana, spoke briefly.

Notice to Shippers.

Commencing Monday, May 2, 1910, freight warehouses of these companies will close at 1 p. m. on Saturdays; therefore, after the date mentioned, no freight will be received or delivered after 1 p. m. on Saturdays during the months of May, June, July and August, 1910.

IN METROPOLIS

Charles Songer is home from Joplin, Mo., where he has been employed at his trade of making cigars.

Mrs. George English and children, of New Columbia, are visiting Mr. and Mrs. James Walker.

R. J. Clark, until recently salesman for Garner's furniture store, has purchased the furniture and second-hand business from Mr. Isom Grey and will conduct it on the credit system. Mr. Clark came here from Paducah two or three years ago and is well liked by all who know him.

H. Rampendahl, Sr., and wife have gone on a river trip to Cincinnati, where they will visit relatives.

George Kelly has returned to Paducah after a visit and business trip here of several days.

Willis Ward transacted business in Paducah Friday.

Miss Eva Gaines has returned to Paducah after a several days' visit with her father, Ed Gaines.

James Shepard spent Sunday in Marion with friends.

James Headington left Sunday for St. Louis and Kansas City.

While in a friendly scuffle Saturday, Glendon Wyatt, colored, was seized with a paralytic stroke and is in a critical condition. It occurred in Sol Cobb's barber shop.

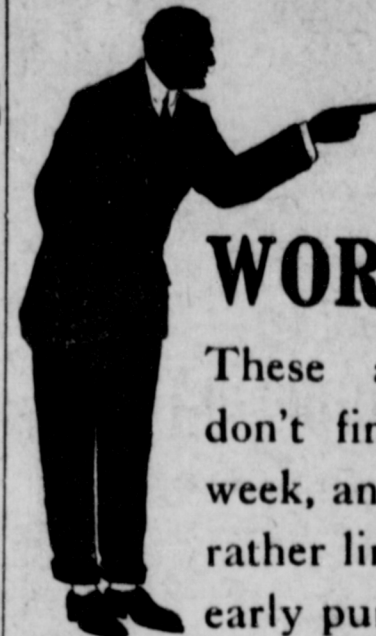

Miss Stella Wiant is critically ill at her home on Pearl street.

Miss Pearl Croach, of Brookport, visited Miss Nellie Stansberry the latter part of the week.

The Young People's Dancing club gave a dance at Fritts' hall Friday night. Grogan's band of Paducah, furnished the music.

Policeman Linus Davis has returned from a business and pleasure trip to St. Louis.

Charles Smith, of East Metropolis,

## REALLY WORTH WHILE

These are values that you don't find every day in the week, and, as the qualities are rather limited, you will find an early purchase to be desirable.

## Burson Hose

WE OFFER A CASE OF THIS CELEBRATED STOCKING FOR LADIES (BLACK ONLY) AT 35c OR 3 PAIRS FOR 50c.

## Embroidery Yoking

17 INCH ALL OVER EMBROIDERY. VERY SPECIAL AT 25c PER YARD.

## 5c Vests 5c

OVER SEVEN HUNDRED LADIES' SUMMER VESTS—GOOD SECONDS—AT 5c EACH.

WE WANT YOU TO SEE OUR LINE OF VESTS AT 8 1-2c, 10c, 12 1-2c, 15c, 19c, 25c, 35c AND 48c. SUMMER UNION SUITS 48c, 50c AND 75c.

**BEST SUGAR FOR TEA AND COFFEE!**  
BY GROCERS EVERYWHERE!

## MONTREAL AND QUEBEC.

A veritable edition de luxe among railroad pamphlets has been issued by the Grand Trunk Railway System to proclaim amongst tourists the glories of the cities of Montreal and Quebec. The brochure is beautifully printed and generally arranged in the artistic style of earlier days, when the ornamentation of a volume was regarded as an important incident to its presentation of reading matter. It gives an interesting description of the two most interesting cities in Canada, with many illustrations from photographs. Sent free to any address. Apply to W. S. Cookson, 917 Merchants Loan and Trust Building, Chicago.

Bobby—What was the hardest question the teacher asked you today?

Johnny—She asked me whether I'd rather be licked with a ruler or a strap.

The Marblehead, one of the oldest cruisers in the navy, has been commissioned in the service of the California state naval militia at Mare Island.

## A Suggestion on Eczema.

It is suggested that eczema sufferers ask R. W. Walker & Co., druggists of this city what reports he is getting from patients who have used the oil of wintergreen liquid compound, D. D. D. Prescription. Ask some of the cured patients what happened the very minute they washed the skin with this soothing oil.

Your itch can and will be taken away instantly if you can and will try a special bottle in a special offer at only 25c; INSTANT relief—we KNOW. (Regular bottle \$1.00.) Will you try a 25c bottle on our assurance? R. W. Walker Co., corner Fifth and Broadway.

## CARPET CLEANING

If you want a clean room the carpet has to be taken up and let us thoroughly clean it. We disinfect during the process. Price 5c per yard.

## NEW CITY CARPET CLEANING WORKS

## Look at the Companies Behind Your Fire Insurance

A few weeks ago, in a very nearby town, one of the most prominent merchants lost his entire stock of goods by fire. He was fully insured, he thought.

When time for settlement came however, he found the one company in which he had the biggest insurance, was insolvent, BROKE, and the loss wiped the merchant out of business.

OUR COMPANIES ARE THE STRONGEST IN THIS COUNTRY

## ACTION IN PIT ALL LAST WEEK

## WHEAT TRADERS HAVE PLENTY OF VARIETY.

The Market Opens Low, But Closes High—Armour Does Much Trading.

## KANSAS CROPS THREATENED.

Chicago, April 26.—Traders in wheat had plenty of action this week, and the volume of business transacted in the pit was large. The bears had things running just about to their liking early in the week, but later the bulls had their inning. The market started off lower on Monday and continued its downward course until near the middle of Wednesday's session, when the buying by shorts to secure profits was the principal feature. This sort of buying continued throughout Thursday's session and on Friday the principal bulls in the market began to push things. Good buying by the Armour house during the day sent prices to the high point of the week, May selling at \$1.09 3/4, July at \$1.02 1/2 and September at \$1.01. On Wednesday when the shorts started to cover, May was hovering about \$1.05, July at 99 1/2 cents and September at 97 1/2 cents.

While the market was at these low figures all of the big bears started covering their short wheat, securing handsome profits. The Armour Grain company, Lieberman and Rankin led a force of probably half a dozen other bear traders, any one of whom frequently handles important lines of property. These in turn were followed by many of considerable, although somewhat lesser, importance. An enormous business was done, the property unloaded coming partly from a large number of smaller longs. It was noticeable that practically all the buyers of wheat were bears at heart, most of them simply buying because the decline was extreme and it is probable that a good part of the property taken will be used as ammunition for further bear campaigning.

## Armour Buys September.

The Armour Grain company purchases were mainly of September, contrary to the firm's recent action, which was chiefly selling of July. It is a growing belief in the trade that the September option taken on was for the double purpose of covering shorts and of securing available ammunition with which to attack the big longs in that delivery. More unanimity of action than usual was shown by the bear speculators. With few exceptions they covered their short stuff at the lowest prices of the week. The market was drained of wheat, so great was the aggregate buying, and the decline was more than recovered from later on. At the low point last week July wheat was off precisely 10 cents per bushel from the recent high point, and September was off about as much.

On Thursday light receipts, slight improvement in the milling demand, a reiteration of former crop damage reports and additional buying to cover shorts were forced a further advance in wheat. Quite a number of the local speculators who covered wheat on the breaks Wednesday continued to play for further advances. They were opposed to belated shorts, who were inclined to fight the advance, and by quite a number of longs, who were glad to find a hard spot on which to unload some of their holdings. The demand, however, was sufficient to absorb all offerings and finally forced a stampede of the early short sellers. There was continued buying of September wheat by the Armour Grain company and Bartlett-Patten, covering a large line of September by Cutten and active scalping operations in a large way from the buying side by other large traders.

## Patten Buys.

The advance on Friday was due largely to the receipts of further bad crop reports from the winter

## WATCH THE COMPLEXION.

Entirely Cleared After a Few Applications of Poslam.

Where it goes is evidently not a very serious matter as long as the little red spot, blemish or other skin disfigurement disappears as quickly as it does after a few applications of poslam, the new skin remedy. A peculiar feature of poslam is that it is naturally flesh-colored and contains no grease, so that when used on the face for the complexion, or for pimples, red noses, or discolorations, its presence cannot be detected. It can thus be applied in the daytime, the natural color of the skin being immediately restored and the actual healing and curing process accomplished in a few days. Poslam can be had of any pharmacist who sells pure drugs. Gilbert's and R. W. Walker & Co.'s drug stores make a specialty of it. Fifty cents' worth will answer either for the troubles mentioned or in curing ordinary cases of eczema. Itching stops at once.

Any one who will write to the Emergency Laboratories, No. 32 West Twenty-fifth street, New York, can secure by mail, free of charge, a supply sufficient to cure a small eczema surface or clear a complexion over night and remove pimples in twenty-four hours.

wheat belt and renewed buying by the bull leaders. Patten was credited with adding to his already big line which shows a goodly paper loss.

Opinions among the leaders in the market at the close of the week seemed to be well divided between the buying and the selling side. Two days' recovery in prices and extensive covering of short lines left the pit much in doubt as to what to expect next. Weather conditions are fine over the winter wheat belt, although there was a hint of more frost to come, which might catch some of the wheat the most advanced.

A very large volume of business was done on Friday. The market was unusually nervous and subject to frequent and sudden price changes. The news of the day was the vigorous and decisive buying for influential people that finally made the bullish news most effective. The bearish news current only sufficed to lose money for the traders who were acting upon it. Leading longs and their connections in the southwest and west were sending in a great many reports of insect life in Kansas wheat fields.

## Insects Damage Crops.

The adverse crop reports which received the most attention from the trade were from Arkansas City, Kas., and from Missouri points. The Kansas report said that chinch bugs were doing a great deal of damage to wheat in that vicinity. Winfield, Kas., millers reported that wheat had gone back in that section during the last week. The acreage for thirty miles around Arkansas City is small and the crop will not amount to much.

The Missouri reports were universally bad. In the central section Glasgow reported 30 per cent abandonment and the balance condition 40 per cent on account of badly spotted fields. Wakenda reported three-fourths of the acreage sown as plowed up, the remainder weakly and sickly. Chillicothe reported one-third of the acreage plowed up with the balance weedy and not over half a crop possible. Hannibal estimated the eastern section at half a crop.

The export demand for wheat continues to be entirely lacking and just at present all avenues of trade in the domestic field, running down to the retail distributors of flour, appear to have been filled. Prices are still far too high for the foreign buyer.

## Disposition of Wheat.

Probably the most far-reaching of any of the weak features of the present world situation in wheat is the action taken by the leading wheat importing countries of Europe. These have been actuated by the high prevailing prices of wheat to seed an unusually large acreage. Therefore the world's exporting countries this year will have a much smaller field in which to compete. When it is considered that our own earliest customer of the season, Germany, has been made accessible to our nearest competitor, Canada, through a settlement of long-existing tariff differences, the disposition of the coming crop of the United States becomes a serious problem.

Corn made fairly good gains in prices last week, although short selling and liquidation was the principal feature early. There was not only selling by discouraged longs in May, but there was also fairly important unloading on the bull side. Lack of demand for cash corn on shipping account and poor speculative support all counted heavily against values. Like wheat, there was a sharp upturn in corn values late in the week when there were indications that the May future had been well liquidated and shorts began to cover. On Friday marked improvement in sentiment was noted. Cash handlers, elevator interests and shorts were buying May delivery and speculators were taking hold freely of more distant months, mainly July. The demand for cash corn from the east was better, but prices here were higher and considerable prospective business was shut off.

## Oats Trading Limited.

Trading in oats was of limited volume with the tendency lower early in the week on selling of Sep-

**TIME** was when men asked nothing about the fabric of which their clothes was made, except, "Is it becoming?" In those days, not long ago, either, mixtures of cotton and wool masqueraded shamelessly as the real thing and were accepted as such. But they didn't "make good." ..

So shrewd folks commenced to ask, "Is it wool?" Then the price of woollens "commenced to go up," to account for the increase in retail prices of clothes.

GRIFFON CLOTHES, though, stand alone, even today. They're not only "ALL WOOL"—THEY'RE PURE WORSTED. That means that the longest, strongest fibres are used in weaving the cloth; it means that they are immeasurably better than those garments in which the short refuse fibres are used to make so-called "all-wool" goods.

And \$15 buys these square-deal clothes. Such natty models, such careful tailoring you will not find excelled in ANY garments, no matter whose name is on the label.

THIS Spring come to HARBOUR'S CLOTHING STORE—big, handsomely fitted, well stocked store, chock full of clever clothes for men who know the value of a dollar.

**Harbour's Clothing Store**  
N. 3d St., Half Square from Broadway. North Entrance

## MASONS

WILL BE INSPECTED BY GRAND MASTER.

United Degree Teams Will Exemplify Sublime Degree of Master Mason.

tember by the country. The tone later was firmer with other grains and on good buying of futures by cash grain men and spreaders between the corn and oats markets. A slump early and a recovery later in the week was also the order in the provision market. Values suffered severely from liquidation by outside longs who were affected by the larger receipts of hogs at packing centers. But later prices advanced chiefly on buying by out-of-town speculators and beated local shorts.

Good results always follow the use of Foley's Kidney Pills. They give prompt relief in all cases of kidney and bladder disorders, are healing, strengthening and antiseptic. Try them. Gilbert's drug store.

The average value of occupied farm land in Canada last year was \$38.60 an acre, compared with \$35.70 the year before.

Foley's Kidney Remedy will cure any case of kidney and bladder trouble not beyond the reach of medicine. No medicine can do more. Gilbert's drug store.

Only a widow seems to appreciate that what a man eats is as important to him as what a woman wears is to her.

Wednesday will be a day of more than usual interest for the Masons of Paducah and the lodges in the vicinity because Grand Master John H. Cowles, of Louisville, will spend the day in the city. It is the first visit of a grand master to Paducah in 12 years, and a good representation from Masonic lodges in the county is expected.

Grand Master Cowles will arrive tomorrow morning at 9 o'clock and will be met at Union station by a reception committee, and will be taken to the Palmer House. Tomorrow night there will be work in the third degree and later there will be speeches. The degree teams of the Plain City and Paducah lodges will

exemplify the degree work. After the session in the lodge room in the Fraternity building there will be a special performance at the Star theater for the amusement of the visiting Masons.

Victor Hugo was a good business man. One of his biographers describes him as "the keenest hand imaginable at a bargain, a past master in the art of drawing up contracts and the only author on record who

made a fortune out of his books while his publishers lost on them.

**ONE CONDUCTOR WHO WAS CURED**  
Mr. Wilford Adams is his name, and he writes about it—"Some time ago I was confined to my bed with chronic rheumatism. I used two bottles of Foley's Kidney Remedy with good effects, and the third bottle put me on my feet and I resumed work as conductor on the Lexington, Ky., Street Railway. It gave me more relief than any medicine I had ever used, and it will do all you claim in cases of rheumatism by eliminating the uric acid from the blood. Gilbert's drug store."
